Dear Redistricting Hearing Committee,

I've lived in the area since 1997 and at this address since 2005. When my family and I moved here initially, I worked for BP, then became self-employed, then became a stay-at-home parent and community volunteer. My husband had worked for 23 years at McDonald's Corporation.

We are so pleased to be represented by Congressperson Lauren Underwood in the 14th District. In this growing district, which is increasingly comprised of residents of Asian descent and younger families, Congressperson Underwood provides the presence and representation that is important to all of us. Not only does she work to make sure her constituents' concerns are heard in Washington, but she is also present in the district, with numerous stories of people bumping into her at stores, farmer's markets, or local civic events. I hope that when you consider the district boundaries for the next decade, you will keep in mind how much this part of 14th district loves and benefits from Congressperson Underwood's representation.

As we look forward to the next decade of representation, I think this area's growing population of young families and people of color will be well served under the representation of Congresswoman Underwood.

Thank you,

Elizabeth Carroll
